BOROUGH OF HELMETTA

51 Main Street, Helmetta, New Jersey 08828

August 16, 2022

TO: The Honorable Mayor and Council Members

RE: Annual Comprehensive Financial Report for the

Year Ended December 31, 2021

The Annual Comprehensive Financial Report for the Borough of Helmetta, County of Middlesex, State of New Jersey, is submitted herewith and includes financial statements and supplemental schedules. I believe that it is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the Borough of Helmetta as measured by the financial activity of its various funds and account groups; and that all disclosures necessary to enable the reader to gain maximum understanding of the Borough's financial affairs have been included.

The Annual Comprehensive Annual Financial Report (ACFR) is presented in four (4) sections: Introductory, Financial, Statistical, and Auditor's Comments and Recommendations. The Introductory Section includes this transmittal letter, the Borough's Organizational Chart and a Roster of Officials. The Financial Section includes the annual financial statements and individual fund financial schedules, as well as the Independent Auditors' Report. The Statistical Section includes selected financial, economic and demographic information, generally presented on a multi-year basis. Responsibility for completeness and clarity of the report, including disclosures, rests with the Chief Financial Officer and ultimately with the Mayor and Council. The fourth and final section is prepared by the Independent Auditor and contains their required annual comments and recommendations, if any, to the Mayor and Council. The Mayor and Council are required to adopt a plan of action on the implementation of any audit recommendations.

The financial statements have been audited by Gerard Stankiewicz, CPA, RMA of Samuel Klein and Company, Certified Public Accountants, whose opinion is expressed in the Financial Section. Please note that the Independent Auditors' Report is unmodified and states that the financial statements are presented fairly in conformity with the basis of accounting as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

PRESENT AND FUTURE CHALLENGES

During the 2021 calendar year, the Borough of Helmetta has made progress in a number of operational and financial areas; however, this administration is clearly aware of the issues and problems that continue to demand our attention and improvement. While we take pride in the accomplishments of the past year, we are mindful of the issues that continue to face us.

CURRENT FUND

In 2021, our Current Fund, which encompasses the general government functions of the Borough, had revenues of \$2,297,275.74 exclusive of fund balance, expenditures of \$2,303,829.14 and a decrease of \$15,482.94 in fund balance at year-end. The Current Fund revenues increased approximately \$37,189.87 or 1.39% over 2020. Below is a comparison of the Current Fund revenues.

For the foreseeable future, our elected and appointed leaders will have to deal with the need to minimize tax rate impact and the need for new development that would help share the tax burden. The governing body and the administration will have to introduce new ideas and creative solutions to solve this problem.

The remainder of this transmittal letter will provide greater details relating to our progress during 2021 and some of our plans for the future.

STATUTORY AUTHORITY

The Borough is organized and administered in accordance with the provisions of New Jersey State Law and consists of an elected Mayor and a six (6) member Council responsible for providing all basic governmental services, except education, to its 2,455 local residents.

The Borough, pursuant to law, has the authority to levy taxes and issue debt.

In accordance with accounting principles generally accepted in the USA, as prescribed by the Governmental Accounting Standards Board, the Borough, for reporting purposes, is considered an independent government entity.

MAJOR ACTIVITIES AFFECTING BUDGET/FINANCIAL CONDITIONS

The Borough is exploring all resources to provide services to the Borough residents for the best possible cost. All revenue sources are maximized where possible and all budget appropriations and purchases are carefully reviewed by the Borough officials. The Governing Body is striving to keep municipal taxes at reasonable rate while providing for the safety, health and welfare of the residents. Permanently financed the former Animal Shelter and entered into agreement to lease the building.

ACCOUNTABILITY ON 2021 INITIATIVES

- · Improvements at Residents Park
- Completed Helmetta Boulevard Project substantially funded by NJDOT Funds.
- Awarded Contract and completed Old Forge Road. Road and Sidewalk Improvements substantially funded by NJDOT Funds.

PROSPECTS FOR THE FUTURE

- The Borough continues to seek and obtain grants from the County of Middlesex to use for public area improvements including improvements to Helm Park.
- Building a reserve for Repair and Improvements to Municipal Building Parking Lot
- Continuation of GIS Long term Utility Mapping Project
- Authorized Design and Improvement to Maple Street which will be substantially funded by NJDOT Funds.
- Authorized Application for Improvements to Locust Street.
- Entered into Agreement with Jamesburg Police Department for Police Protection Services

LOCAL ECONOMIC EVENTS

For 2021, the Borough continued to demonstrate important indicators of continued financial strength as follows:

During 2021, total real estate tax revenues decreased by \$5,680.76 or .0039% to \$1,456,864.77. The current collection rate (cash basis) of real estate tax revenue (an important indicator of fiscal health) was 98.79% in 2021. Although, the Borough has maintained a stable collection rate, certain taxpayers were unable to remit their taxes on a current basis.

Revenues from other sources remained relatively flat in 2021. Assessed values increased to \$186,269,518.00.

CASH MANAGEMENT

Bank balances are insured up to \$250,000.00 in the aggregate by the Federal Deposit Insurance Corporation for each bank. In addition, the State of New Jersey Unit Deposit Protection Act insures the remaining balance of funds on deposit in registered depositories. At December 31, 2021, all cash funds on deposit were in registered depositories and were covered by these insurers.

During 2021, idle funds were invested with the intent of maximizing interest earnings with sweep accounts maintained by the Borough's main depository.

ACCOUNTING AND BUDGET INFORMATION

Accounting

The Borough maintains an on-line, real-time computerized accounting system to record all financial transactions.

In developing and evaluating the Borough's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that (1) the cost of controls should not exceed the benefits expected to be derived; and (2) the evaluation of costs and benefits requires estimates and judgment by management.

Management of the Borough is responsible for establishing and maintaining an adequate internal control structure.

Budget

The local budget law for the State of New Jersey requires every local unit to adopt an Operating Budget in the form required by the Division of Local Government Services (the "Division"), Department of Community Affairs of the State of New Jersey. Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division prior to final adoption. The Budget Law requires each local unit to appropriate sufficient funds for the payment of current debt service, and the Director is required to review the adequacy of such appropriations, unless a specific amount is required by law. The review function, focusing on anticipated revenues, serves to protect the solvency of all local units.

Section 5:30-4 of the New Jersey Administrative Code provides that every local unit that proposes to spend \$25,000.00 or more on capital equipment, construction or improvements must prepare a Capital Budget. If the Borough's population exceeds 10,000, the Capital Program shall include by title all projects anticipated for the budget year and the five succeeding years, with the estimated costs and the anticipated financing by sources and amounts.

A Capital Budget Section included with the Annual Budget does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in the Capital Budget must be granted separately, through the adoption of a bond ordinance, by appropriating funds from the Capital Improvement Fund, or other lawful means.

The budget of the Borough is categorized into appropriations by function. Each appropriation represents a service program or division within the Borough. Funds are appropriated to each of the budget lines by the Mayor and Council in accordance with procedures prescribed by the State of New Jersey Local Budget Law.

Distinct appropriations are required for "salaries and wages" and for "other expenses". The Borough delineates each appropriation into subaccounts by budget codes.

The Borough Administrator and Chief Financial Officer monitor expenditures throughout the fiscal year to ensure that spending remains within the amounts of funds authorized. Budget modifications are processed in the last two months of the year to transfer funds from one area to another as needed.

DEBT ADMINISTRATION

The authorized bonded indebtedness of municipalities in the State of New Jersey is limited by statute to an amount equal to 3½% of their equalized value. The equalized valuation basis of the Borough is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements and certain railroad property within its boundaries as annually determined by the State Board of Taxation.

The Borough has managed its debt well and has outstanding debt equal to 0.495% of its equalized value. Debt Service averaged \$83,855.00 for the last three years.

RISK MANAGEMENT

The Borough banded together with other municipalities to form the Mid-Jersey Municipal Joint Insurance ("JIF") and the New Jersey Municipal Excess Liability Funds. These Funds procure insurance on a pooled basis, generally self-insuring the initial level of loss for workers' compensation, property, general liability, automobile and employee dishonesty. The Funds provide their members with risk management services, including the defense of and settlement of claims and establish reasonable and necessary loss reduction and prevention procedures to be followed by the members.

ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Administration Department and the Finance Department. I would also like to express my appreciation to Gerard Stankiewicz, CPA, RMA of Samuel Klein and Company for their help and assistance in preparation of the Borough's CAFR.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of the Borough Council Borough of Helmetta County of Middlesex State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

Report on the Financial Statements

Opinions

We have audited the financial statements – regulatory basis of the various funds and account groups of the Borough of Helmetta, County of Middlesex, State of New Jersey as of December 31, 2021, and the related statement of operations and change in fund balance – regulatory basis for the year then ended, the related statement of revenues – regulatory basis, statement of expenditures – regulatory basis, and the related notes to the financial statements for the year then ended.

In our opinion, because of the significance of the matters discussed in the "Basis for Adverse Opinion on the United States Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Helmetta, County of Middlesex, State of New Jersey as of December 31, 2021, and change in financial position thereof for the year then ended.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements – regulatory basis, the financial statements are prepared by the Borough on a basis of the financial reporting provisions of the regulatory basis of the accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements – regulatory basis, the financial statements are prepared by the Borough on a basis of the financial reporting provisions of the regulatory basis of the accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")

Due to the fact that we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements, we do not express an opinion of the LOSAP financial statements.

Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP financial statements – regulatory basis been audited, the financial statements referred to above present fairly, in all material respects the financial statements – regulatory basis of the various funds and account groups of the Borough of Helmetta, County of Middlesex, State of New Jersey, as of December 31, 2021, and the results of its operations and change in fund balance of such funds – regulatory basis for the year then ended, and the revenues, regulatory basis, expenditures – regulatory basis of the various funds and account groups for the year ended December 31, 2021 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Basis for Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")

As discussed in Note 1, the financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited, and we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements. The LOSAP financial activities are included in the Borough's Trust Fund, and represent 42.05% of the assets and liabilities of the Borough's Trust Funds as of December 31, 2021.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements – regulatory basis, in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements – regulatory basis as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards* and auditing standards prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements regulatory basis, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Borough of Helmetta, State of New Jersey's internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements – regulatory basis.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Helmetta, State of New Jersey's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Accounting principles generally accepted in the United States of America require that pension plan information, including the Notes thereto, (Required Supplementary Information – RSI Schedules), as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements of the Borough of Helmetta, County of Middlesex, New Jersey. The information included Combining and Individual Funds and Account Statements as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Helmetta, County of Middlesex, New Jersey. The information included in the Combining and Individual Funds and Account Statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to auditing procedures applied in the audit of the financial statements – regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements – regulatory basis taken as a whole.

The information contained in the Statistical Section have not been subjected to auditing procedures applied in the audit of the financial statements – regulatory basis and, accordingly, we do not express an opinion, or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 16, 2022, on our consideration of the Borough of Helmetta's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Helmetta's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS - REGULATORY BASIS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of Helmetta County of Middlesex State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements - regulatory basis of the Borough of Helmetta (herein referred to as "the Borough"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated August 16, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements - regulatory basis, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS – REGULATORY BASIS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, that are reported material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying General Comment and Recommendation section of this report related to cash reconciliations, receivables and the general ledger and that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance that we have reported to the management of the Borough in the "General Comments and Recommendations" section of this report.

Purpose of Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF HELMETTA NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2021

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Reporting Entity</u> - The Borough of Helmetta is located in Middlesex County, approximately 10 miles east of the City of New Brunswick and approximately 37 miles south of New York City. The population, according to the 2020 census, is 2,455.

The Borough of Helmetta operates under the Borough form of government. The governing body consists of a Mayor and six Council members. All action is passed by a majority or, when required, a two-thirds (2/3) vote of Council. The Mayor votes only in the event of a tie. The Mayor has veto power over all ordinances passed by the Borough Council. This veto can be overridden by a two-thirds (2/3) vote of the Council.

B. <u>Description of Funds</u> - The Governmental Accounting Standards Board ("GASB") is the recognized standard setting body for establishing governmental accounting and financial reporting principles. However, the accounting policies of the Borough conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are regulatory basis, which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds and a capital asset account differs from GAAP.

<u>Current Fund</u> - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of federal, state, county and local grant programs are reflected in a segregated section of the Current Fund.

<u>Trust Fund</u> - The records of receipts, disbursement and custodianship of monies in accordance with the purpose for which each reserve was created are maintained in Trust Funds. These include the Animal Control Trust Fund, Trust Other Fund and Length of Service Awards Programs (LOSAP). The Payroll Trust Fund – Accounts for the net salaries, payroll deductions and social security contribution of municipal and utility operations.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

<u>General Capital Fund</u> - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as related long-term debt accounts.

<u>Utilities Funds</u> - Water and Sewer Utilities are treated as separate entities. Each maintains its own Operating and Capital Funds which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity.

<u>Capital Asset Account</u> - This account reflects estimated valuations of land, buildings and certain moveable fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

C. <u>Basis of Accounting</u> - The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

<u>Property Taxes and Other Revenue</u> - Property Taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

<u>Grant Revenue</u> – Federal, state, county and local grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough of Helmetta's budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

<u>Expenditures</u> - Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts, which may have been canceled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Noncurrent Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

<u>Encumbrances</u> - As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

<u>Appropriation Reserves</u> - Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Compensated Absences</u> - Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

<u>Property Acquired for Taxes</u> - Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the capital assets account group at market value on the date of acquisition.

Interfund Accounts Receivable - Interfund Accounts Receivable in the Current Fund are generally recorded with offsetting reserves, which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfund Accounts Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfund Accounts Receivable of one fund are offset with Interfund Accounts Payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

<u>Inventories of Supplies</u> - Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water and Sewer utilities is required, by regulation, for inclusion on the Water and Sewer Utility Operating Fund balance sheets. Annual charges in valuations, offset with a Reserve Account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

Fixed (Capital) Assets

General - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Borough has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Fixed assets used in governmental operations (capital assets) are accounted for in the Capital Asset Account. Public domain ("infrastructure") capital assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Fixed Assets (Continued)

General (Continued)

Acquisition of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at historical cost. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Borough.

<u>Utilities</u> - Capital acquisitions, including utility infrastructure costs of the Water and Sewer Utilities, are recorded at cost upon purchase or project completion in the Fixed Capital account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include moveable fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Capital Asset Group of Accounts. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Fixed Capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

C. Basis of Accounting (Continued)

Volunteer Length of Service Award Plan (LOSAP)

The Borough has established a volunteer Length of Service Award Plan ("LOSAP")("Plan") to ensure retention of the Borough's volunteer fire department. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "Length of service award plan under section 457(e)11 of the Internal Revenue Code". The LOSAP financial statements have not been nor are they required to be audited.

Total Columns on Combined Statements - Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

D. <u>Basic Financial Statements</u> - The GASB Codification also defines the financial statements of a governmental unit be presented in the general-purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Other Accounting Standards

The Borough is currently reviewing the following for applicability and potential impact on the financial statements:

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Accounting Standards (Continued)

- GASB Statement No. 87. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.
- GASB Statement No. 89. Accounting for Interest Cost Incurred Before the End of a Construction Period. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The Borough does not expect this Statement to impact its financial statements.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged. The requirements of this Statement should be applied prospectively. The Borough does not expect this Statement to impact its financial statements.

• GASB Statement 91. Conduit Debt Obligations. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged. The Borough does not expect this Statement to impact its financial statement.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Accounting Standards (Continued)

• GASB Statement 92. Omnibus 2020. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

Effective Date: The requirements of this Statement are effective as follows:

- (a) The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance.
- (b) The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2021.
- (c) The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2021.
- (d) The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021.

Implementation has been postponed to June 15, 2021. The Borough does not expect this Statement to impact its financial statement.

• GASB Statement 93. Replacement of Interbank Offered Rates. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR) – most notably, the London Interbank Offered Rate (LIBOR).

Effective Date: The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. The Borough does not expect this Statement to impact its financial statement.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Accounting Standards (Continued)

• GASB Statement 94. Public-Private and Public-Public Partnerships and Availability Payment Arrangements. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

Effective Date: The requirements of this Statement are effective for fiscal years beginning after June 15, 2022 and all PPPs should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or if applicable to earlier periods, the beginning of the earliest period restated). Implementation has been postponed to June 15, 2021. The Borough does not expect this Statement to impact its financial statement.

• GASB Statement 96. Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset — an intangible asset — and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

Effective Date: The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged. Assets and liabilities resulting from SBITAs should be recognized and measured using the facts and circumstances that existed at the beginning of the fiscal year in which this Statement is implemented. Governments are permitted, but are not required, to include in the measurement of the subscription asset capitalizable outlays associated with the initial implementation stage and the operation and additional implementation stage incurred prior to the implementation of this Station.

E. Other Accounting Standards (Continued)

 GASB Statement 97. Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would performs; (2) mitigate costs associated with the reporting of defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

Effective Date: The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement.

The Board considered the effective dates for the requirements of this Statement in light of the COVID-19 pandemic and in concert with Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance.

• GASB Statement 99. Omnibus 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are as follows:

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- E. Other Accounting Standards (Continued)
- GASB Statement 99. (Continued)
- Classification and reporting of derivative instruments within the scope of Statement No. 53, Accounting and Financial Reporting for Derivative Instruments.
- Clarification of provisions in Statement No. 87, Leases.
- Clarification of provisions in Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements.
- Clarification of provisions in Statement No. 96, Subscription-Based Information Technology Arrangements.
- Extension of the period during which the London Interbank Offered Rate (LIBOR)
 is considered an appropriate benchmark interest rate for accounting for the
 distribution benefits (SNAP).
- Disclosures related to nonmonetary transactions.
- Terminology updates related to certain provisions of Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position.
- o Terminology used in Statement 53 to refer to resource flows statements.

Effective Date: The requirements of this Statement that are effective as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance.
- The requirements related to leases, PPPSs, and SBITAs are effective for fiscal years beginning after June 15, 2022 and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023 and all reporting periods thereafter.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Accounting Standards (Continued)

• GASB Statement 100. Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes.

Effective Date: The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023 and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement 101. Compensated Absences. The objective of this Statement
is to better meet the information needs of financial statement users by updating the
recognition and measurement guidance for compensated absences. The objective is
achieved by aligning the recognition and measurement guidance under a unified
model and by amending certain previously required disclosures.

Effective Date: The requirements of this Statement are effective for fiscal years beginning after December 15, 2023 and all reporting periods thereafter. Earlier application is encouraged.

F. Subsequent Events

Management has reviewed and evaluated all events and transactions from December 31, 2021 through August 16, 2022 for possible disclosure and recognition in the financial statements, and no items have come to the attention of the Borough that would require disclosure.

Note 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities that mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities that mature within two years provided, however, the arbitrage maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Note 2. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

B. Investments

New Jersey statutes permit the Borough to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- Local government investment pools, such as New Jersey CLASS and the New Jersey Arbitrage Rebate Management Program.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

In addition, a variety of State laws permit local governments to invest in a wide range of obligations issued by State governments and its agencies.

C. Risk Category

As of December 31, 2021, the Borough had funds on deposit in checking and statement savings accounts. The amount of the Borough's Cash and Cash Equivalents on deposit as of December 31, 2021, was \$3,821,730.50. These funds constitute "deposits with financial institutions" as defined by GASB No. 3 as amended by GASB No. 40. There were no securities categorized as Investments as defined by GASB Statement No. 3 as amended by No. 40.

Note 3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Borough, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and is calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy for the current year is based on one-half of the prior year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency as billed prior to the end of the fiscal year. The penalty so fixed shall not exceed 6% of the amount of the delinquency with respect to each most recent fiscal year only. The resolution also sets a grace period of ten days before interest is calculated.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

Note 9. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or as required by the issuance of bonds.

Bonds and Notes Authorized But Not Issued

At December 31, 2021 there are no bonds and notes authorized but not issued for the General Capital Fund, Sewer Utility Capital Fund and Water Utility Capital Fund for the Borough of Helmetta.

Note 10. CONSOLIDATED SCHOOL DISTRICT TAXES

The Consolidated School District Taxes were raised on the school year basis and liability deferred by statute, resulting in school tax payable set forth in liabilities computed as follows.

	·	Cons School D Balance,	istric	ct Taxes		Increase/
	_	2021		2020		(Decrease)
Balance of Tax Deferred	\$	1,816,673.89 945,000.00	\$	1,899,125.13 945,000.00	\$ _	(82,451.24)
Payable	\$_	871,673.89	\$_	954,125.13	\$_	(82,451.24)

In the event that the State of New Jersey determines that a method other than local real estate taxes will be utilized to finance school district operations and, in the event that the annual school tax levy decreases to a level that is significantly lower than the present deferral, then the Borough may need to finance the deferred school taxes through the annual municipal budget process.

Note 11. PENSION PLANS

Description of Systems

Substantially all of the Borough's full-time employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Pension Fund (PFRS).

Public Employees' Retirement System

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Annual Comprehensive Financial Report (ACFR), which can be found at http://www.ni.gov/treasury/pensions/financial-reports.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after twenty-five (25) years of service or under the disability provisions of PERS.

Note 11. PENSION PLANS (CONTINUED)

Description of Systems (Continued)

Public Employees' Retirement System (Continued)

The following represents the membership tiers for PERS:

<u>Tier</u>	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier.

Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reach the service retirement age for the respective tier.

Contributions Required to be Made

The contribution policy for PERS is set by N.J.S.A. 43:15A and for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Employee contributions for 2021 were seven and 50/100th percent (7.50%) for PERS employee's base wages. Employer's contributions are actuarially determined annually by the Division of Pensions.

Note 11. PENSION PLANS (CONTINUED)

Contributions Required to be Made (Continued)

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The Borough's contributions to the plan for the past three (3) years are as follows:

		PERS							
	· ·	2021	. H	2020	2 2	2019			
Covered Payroll	\$	266,609	\$	280,605	\$	266,653

Employee's Share Percent of Covered Payroll		19,996 7.50	%	21,047 7.50	%	19,999 7.50	%		

Pension (PERS) Accrual

The Borough is required to report on its financial statements on an "Other Comprehensive Basis of Accounting" (OCBOA) Regulatory Basis, which does not require an accrual for its obligations inclusive of pension. If the Borough were required to reflect the obligation under Generally Accepted Accounting Principles (GAAP) then an accrual for the PERS obligation due April 1, 2022 would be needed in the amount of \$44,265 since the obligation relates to the period December 31, 2021 and prior. The accrual (under GAAP) would affect the fund balance at yearend.

Public Employees Retirement System (PERS)

The information for PERS was abstracted from State of New Jersey Public Employees' Retirement System Schedules of Employer Allocations and Schedules of Pension Amounts by Employer as of June 30, 2021 and June 30, 2020 Independent Auditor's Report dated July 21, 2022 and June 5, 2020, respectively.

Note 11. PENSION PLANS (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

The Borough's reported liability of \$447,765.00 and \$613,493.00 for its proportionate share of the net pension liability at December 31, 2021 and December 31, 2020 respectively. The net pension liability was measured as of June 30, 2021 and June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of July 1, 2020 and July 1, 2019, which were roll forward. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined.

Actuarial Assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00 - 6.00% (based on years of service)
Thereafter	3.00 - 7.00% (based on years of service)
Investment Rate of Return	7.00%

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State of employer and 100% of actuarially determined contributions for the local employers. Based on these assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments was applied to projected benefit payments after that date in determining the total pension liability.

Borough Retiree Health Benefits

As of the date of this report the State of New Jersey Department of Treasury, Division of Pension and Benefits has not yet released the GASB#75 Other Post-Employment Benefits Allocation by Employer Report, which would have been as of June 30, 2021. The State of New Jersey Local Finance Board has ruled that the data need not be included for those local government entities that do not report the financial statements under the GASB/GAAP method. In the past the data was included merely for disclosure (informational purposes) in the Notes to Financial Statements. The lack of data does not distort the fund balances of the various funds as presented in the report under the regulation (OCBOA) basis. Data from the two (2) prior years which was included in December 31, 2020 Notes to Financial Statements is reflected.

Plan Description - NJSHBP

The NJSHBP as of July 1, 2019 had statewide for the local employee groups of 62,547 active and 30,614 retired for a total of 93,161 members. The Borough at December 31, 2021 had three (3) active and three (3) retired employees for a total participation of six (6).

Funding Policy – The contribution requirements of plan members are established and may be amended by the state legislature. Participating local government units are contractually required to contribute at a rate assessed each year by the NJSHBP. The NJSHB Commission sets the employer contribution rate based on the annual required contribution of the employers (ARC) as established in an annual rate recommendation report.

The NJSHBP issues a publicly available financial report that includes financial statements and required supplementary information for the NJSHBP and the actuarial valuation. Those reports may be obtained by writing to the State of New Jersey Department of Treasury, Division of Pension and Benefits, 50 West State Street, Trenton, NJ 08625-0299 or on the State of New Jersey website.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. The NJSHB Commission sets the employer contribution rate based on the annual required contribution (ARC) of the employers as established in an annual rate recommendation report.

Contributions to pay for the health premiums of participating retirees in the NJSHBP are billed to the Borough on a monthly basis. The number of employees covered and approximate cost for the past three years were as follows:

	Number	Employer's
Fiscal Year	of Employees	Cost
2021	4	\$ 85,000.00
2020	4	76,970.40
2019	4	73,522.16

Borough Retiree Health Benefits (Continued)

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, refer to the State of New Jersey, Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

The information presented was abstracted from the State of New Jersey State Health Benefits Local Government Retired Employees Plan for June 30, 2020 and June 30, 2019 measurement date from the Independent Auditor's Reports dated June 28, 2022 and June 5, 2020. The June 30, 2021 measurement date report is not available at this time.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission, Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: (1) retired on a disability pension; or (2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or (3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or (4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

GASB Statement No. 75 requires participating employers in the plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the plan's nonspecial funding situation during the measurement period July 1, 2018 through June 30, 2019. Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

The portion of the OPEB Liability that was associated with the Borough recognized is as follows:

	June 30,	[Measurement Date]	
,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,	2020	2019

Total Nonemployer OPEB Liability

The total OPEB liability as of June 30, 2020 was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in.

Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PERS experience studies prepared July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven (7) years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.00% and decreases to a 4.5% long-term trend rate after seven years. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven (7) years.

Discount Rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

<u>Other</u>

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the Borough. The reporting of these benefits are the responsibility of the individual local Borough. The Borough provides Chapter 88 Reimbursement to certain retirees for the share of Medicare premiums that are withheld from the social security benefits. Detail for the prior three years is as follow:

Year	Number of Employees	Amount			
2021	1	\$	1,222.00		
2020	1		1,222.00		
2019	1		1,222.00		

Employees of which there are three (3) other that will become eligible when they attain Social Security retirement age will also receive the benefits.

Note 13. RISK MANAGEMENT

Property and Liability Insurance

The Borough together with other governmental units is a member of the Mid Jersey County Municipal Joint Insurance Fund ("JIF"). The JIF, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. In addition, the JIF has obtained cost effective reinsurance and excess liability coverages for participant local units.

For the year ending December 31, 2021, the Fund provided the following types of coverages: Auto, General Liability, Workmen's Compensation, Property, Public Officials Liability, Boiler and Public Official Surety/Dishonesty coverage.

The Borough has contracted with the JIF for coverage and is subject to certain policy limits. The coverage is designed to minimize the impact of any potential losses to the Borough for matters that may have been caused or related to the Borough or its employees.

The Mid Jersey Municipal Joint Insurance Fund received an unmodified opinion on the December 31, 2021 report. The total Assets for the year were \$23,969,480. Total liabilities and Fund Surplus for Mid Jersey are \$10,254,454 and \$13,715,026 respectively.

* Subsequent Event – Subsequent to yearend the Middlesex County Joint Insurance Fund, of which the Borough is a former member until December 31, 2018, billed the Borough \$129,648.61 for what is their supposed pro rata share of an accumulated deficit of the JIF. The matter is still under review and anticipated the repayment of bill in the next ten years commencing in 2022 and will need to be raised in the annual budget.

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and prior two years:

Note 16. DEFERRED COMPENSATION PLAN

The Borough of Helmetta offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The Plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" modified several provisions of Section 457 of the Internal Revenue Code. The most significant change in the law related to the ownership of the fund. The Deferred Compensation Plan is administered by the Public Employees Benefits Service Company (PEBSCO).

Note 17. CONTINGENT LIABILITIES

A. Litigation

There are no matters of litigation that would, in the result of an adverse opinion, have a material impact on the financial condition of the Borough.

B. Compensated Absences

Non-Union and Public Works Union Employees

<u>Sick Pay</u> – The administrative policy and public works union contract of the Borough entitle employees to ten (10) sick days per calendar year and allows for a carryover with a maximum accumulation of 120 days. Employees who do not use all of their sick leave allowance may add their unused days to their allowance for the following year to a maximum of one hundred twenty (120) days. Upon retirement, or separation from service for any reason other than termination for cause, an employee will be paid for one-half of their total accumulated unused sick time to a maximum amount of twelve thousand dollars (\$12,000.00). The administrative policy and union contract also allow for a carryover of one-half of unused vacation days up to a maximum of eight (8) weeks.

Note 17. CONTINGENT LIABILITIES (CONTINUED)

B. Compensated Absences (Continued)

Non-Union and Public Works Union Employees (Continued)

<u>Vacation Pay</u> – The amount of vacation leave earned is associated with the length of employment with the Borough and the hours in a normal workweek. The Borough Council set the amount of leave earned. Employees may carry over up to one-half of their unused vacation days each year to a maximum accrual of eight (8) weeks. If an employee is unable to use earned vacation time within the year it is earned, the employee may elect to be paid for the unused vacation days allowed for that year, to a maximum of one half of the yearly vacation allowance at the discretion of the Mayor and Council, in which event no unused vacation days will accrue. As of January 1, 2010 new employees will not be able to accrue vacation time. The yearly allotment of vacation must be used by the employee or reimbursed to the employee by the Borough at the end of the calendar year.

C. <u>Liability</u> - The Borough's liabilities for the various compensated absence as of December 31, 2021 is as follows:

	-	lotal
Unused Sick Time	\$	19,321.24
Vacation	-	50,854.57
	\$	70,175.81

These amounts are not an immediate liability of the Borough and the likelihood of this amount becoming due and payable at any one time in the near future is remote. The Borough has developed a reserve in the Trust Other Fund of \$50,000.00.

D. Grants

The Borough of Helmetta participates in federally, state and county assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The Borough is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Note 18. LENGTH OF SERVICE AWARDS PROGRAM (UNAUDITED)

On November 3, 1999, the voters of the Borough approved a referendum authorizing the establishment of a Length of Service Awards Program (LOSAP). The LOSAP will provide tax-deferred income benefits to the active volunteer fire fighters who are eligible to participate.

The LOSAP funds are administered independently and distinct from the Borough and are subject to a review in accordance with the American Institute of Certified Public Accounts Standards for Accounting and Review Services. Participants are responsible for the direction of their investments within their individual accounts. A separate report as of December 31, 2021 revealed net position available for benefits of \$128,249.92. Contributions for the past three (3) years were paid into the fund; but nothing was budgeted or reserved for the current year.

Note 19. TAX ABATEMENT

The former Helmetta Snuff Mill Redevelopment (the "Project") area is subject to an agreement for tax abatement for residential rental housing. The agreement provides for the developer to make payments to the Borough in lieu of taxes ("PILOT") based on the annual gross revenue; however, it is subject to the following provisions:

	The	Greater of	
	Percent of Annual		Percent of
Year	Gross Revenue (1)	OR	Taxes (2)
1-15	10%		10%
16-18	20%		10%
19-20	40%		10%
21	60%		10%
22	80%		10%

- (1) Annual Gross Revenue of the modified project.
- (2) Otherwise due on the value of land and improvements.

Note 19. TAX ABATEMENT (CONTINUED)

Once the Certificate of Completion on the Project has been issued, the minimum annual service charge will be \$275,000.00. The annual service will be allocated first to the County of Middlesex five percent (5%) and the balance divided evenly between the Borough of Helmetta and the Spotswood-Helmetta Consolidated School District. In 2021 the following activity occurred:

	: -	Balance Due to 12/31/2020	S 18	Received 2021	Realized/ Disbursed in 2021	n e	Balance Due to 12/31/2021

	\$_	58,846.50	\$	459,429.20	\$ 455,369.10	\$	62,906.60

Note 20. LEASE OF A MUNICIPAL BUILDING

In 2020 the Borough entered into a lease for the property formerly used as the Borough's Animal Shelter. The lease period runs from November 1, 2020 to October 31, 2030. The lease is a triple net lease and the monthly payments are \$3,575.28. The lease allows for the tenant at a certain point in time to purchase the property subject to certain conditions. The sales price would be determined based on the lease/addendum.

Note 21. SUBSEQUENT EVENT – COVID-19 CORONAVIRUS PANDEMIC

The COVID-19 Coronavirus outbreak in the United States has caused the Governor of the State of New Jersey to mandate closures and a curfew for all nonessential citizens and businesses. The management of the Borough (which is essential) has evaluated the impact of the situation and has determined that there is no adverse impact on its December 31, 2021 financial statements. Management does not believe that there will be an adverse impact for the year ending December 31, 2022. A significant portion of the revenue to support Borough operations is tax levy and utility rents; however, certain other miscellaneous revenues most especially municipal court revenue may be impacted due to the economic effect of the closures and curfew.

GENERAL COMMENTS DECEMBER 31, 2021

Contracts and Agreements Required to be Advertised For N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of \$17,500.00, due to the absence of a Qualified Purchasing Agent (QPA), except by contract or agreement."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$17,500.00 within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that there were bids by public advertising during the year as follows:

Improvements to Old Forge Road

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$17,500.00 thereafter "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

State Contract Purchases

There were state contract purchases during the year as follows:

HVAC Service

All the professional service contracts of the Borough were done under the "Not Fair and Open Method" and all required certifications were on file.

GENERAL COMMENTS DECEMBER 31, 2021

Collection of Interest on Delinquent Taxes, Assessments and Utility Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The governing body, on January 4, 2021, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

BE IT RESOLVED, by the Mayor and Council of the Borough of Helmetta, County of Middlesex, State of New Jersey that in accordance with Chapter 54:4-67 of the New Jersey Statutes the interest rate on delinquent taxes shall be eight per cent (8%) annum on the first \$1,500.00 of delinquency, and 18% per annum on any amount in the excess of \$1,500.00 to be calculated from the date the tax was payable until the date of actual payment. There shall be a ten (10) day grace period for payment of taxes.

In addition, the governing body, on January 4, 2021, adopted the following resolution authorizing additional interest to be charged on delinquent taxes and assessments:

RESOLVED, by the Mayor and Council of the Borough of Helmetta, County of Middlesex and State of New Jersey, that the Borough of Helmetta hereby adopts and authorizes the Tax Collector of the Borough of Helmetta to assess an additional six (6%) percent penalty to any taxpayer with a delinquency of all taxes and municipal charges due in excess of ten thousand (\$10,000.00) dollars, who fail to pay the delinquency prior to the end of the calendar year.

The governing body also adopted on January 4, 2021 the following resolution authorizing interest on delinquent utility charges:

WHEREAS, the Governing Body of the Borough of Helmetta has previously established an interest rate in accordance with State law as a charge to be made to consumers who have not made timely payments of water rents and sewer user charges; and

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by the Governing Body of the Borough of Helmetta that the Collector of Sewer and Water Revenue be and is hereby authorized to charge eight percent (8%) per annum as interest to be paid on delinquent accounts for unpaid balances of less than \$1,500.00 and eighteen percent (18%) per annum, as the interest to be paid on delinquent accounts with unpaid balances of more than \$1,500.00. The Collector shall allow a thirty (30) day grace period for payment, after which, when an account becomes delinquent, interest will be charged from the due date for such payments.

Subsequent to year end, a clarification of Executive Order #103 required municipalities to forgive all residential water and sewer delinquency charges for the period March 9, 2020 through March 15, 2022. An adjustment was made in 2021 in the two (2) Utility Funds for prior year charges in the "Refund of Prior Year Revenue" account.

GENERAL COMMENTS (CONTINUED) DECEMBER 31, 2021

Delinquent Taxes and Tax Title Liens

The detail of all unpaid taxes for 2021 is being properly carried in the Tax Collector's records. An abstract taken from these records as at December 31, 2021 covering all unpaid charges on that date was verified by the auditor with the accounting control figures shown in this report.

There was a tax sale held on October 29, 2021 and it was complete.

As of December 31, 2021, there were tax title liens receivable on two (2) properties totaling \$17,268.53

The detail of tax overpayments reflects a large balance that is over three (3) years old that may be due to a taxpayer. This matter should be reviewed by the appropriate officials for disposition.

Water Utility Receivables

The detail of the Consumer Accounts Receivable as reflected on the Balance Sheet (Exhibit EW-1), have been proven by the auditor to the detail on file in the Water Utility Collector's office at year-end.

Sewer Utility Receivables

The detail of the Consumer Accounts Receivable as reflected on the Balance Sheet (Exhibit ES-1) has been proven by the auditor to the detail on file in the Sewer Utility Collector's office at year-end.

Cash Balances

The cash balances in all funds were verified with the depositories as of December 31, 2021 in connection with bank reconciliations. Adjustments were made to several accounts in order to present accurate balances.

Cash counts were made on various dates in all departments of the Borough.

Revenues

Receipts from licenses, fees, fines and costs, etc., for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

Expenditures

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute. Our examination of expenditures revealed for the most part compliance with procedures and requirements have been adhered to.

GENERAL COMMENTS (CONTINUED) DECEMBER 31, 2021

Payroll

An examination was made of the employees' compensation records for the year 2021 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Our examination of payroll did not cover verification of the validity and reasonableness of the allocation of salaries for individuals whose job encompasses activities that relate to more than one of the Borough's operating funds or Departments. The allocation of salaries for individuals whose duties encompass more than one fund or appropriation is done at the sole discretion of the management of the Borough. It is proper and legal to allocate salaries amongst funds as long as the duties of the individuals relate to the costs charged to the fund or appropriation.

The Borough utilizes the services of a payroll service vendor to process net pay and agency withholdings.

On file at the Borough is the required Report on Description of the Organization's System and the Suitability of the Design and Operating Effectiveness of Controls for the payroll processing system in accordance with SSAE #16.

The Payroll Fund records as presented reflect a balance for "due from employee" in the amount of \$2,391.15, which is greater than two (2) years old. This matter should be reviewed by the appropriate official for proper disposition. It is entirely possible that this condition is a misposting as it is an apparent isolated case.

Miscellaneous Comments

Various

The confirmation sent to the Consolidated Board of Education verified that the school taxes payable at December 31, 2021 were in agreement with the Borough's records.

Construction Code Official

The Construction Code Official's responsibility has been transferred to another municipality under an interlocal agreement.

Interfunds

The balance sheets of various funds reflect an Interfund Receivable/Payable as of December 31, 2021. We have been advised by the Chief Financial Officer that these will be liquidated subsequent to year end.

Surety Bonds

The surety bonds covering the Tax Collector, (a separate bond was issued subsequent to year end), Chief Financial Officer, and the Municipal Court employees were tested for adequacy of coverage and were determined to be sufficient.

Miscellaneous Comments (Continued)

Technical Directives - State of New Jersey

N.J.A.C. 5:30-5.7 - General Ledger Accounting System

The general ledger for 2021 was maintained in accordance with acceptable accounting control standards

The general ledger presented for audit primarily the three (3) operating funds reflected inaccurate amounts in several accounts. It was necessary to perform additional analysis of all underlying and supporting subsidiary ledgers mostly in tax, tax related accounts, utility receivables and appropriations/liabilities in order to present proper year end balances. The Chief Financial Officer needs to review the general ledger for accuracy prior to presentment for audit and make adjustments accordingly. This comment is recurring.

N.J.A.C. 5:30-5.6 – Accounting for Governmental Fixed Assets

A complete encumbrance system for budgetary purposes was maintained during 2021.

N.J.A.C. 5:30-5.2 - Encumbrance Accounting

A fixed assets detail was maintained in 2021.

Length of Service Awards Program

The Borough adopted a Length of Service Awards Program (LOSAP). The participants in the program direct the investments within their individual accounts. A separate Accountants Review Report was prepared on the program for the year ended December 31, 2021.

Financial Procedures Review

It is suggested that for all financial processes and computer controls within each department that a review, updating and documentation of all procedures be done in order to be in compliance with recent accounting and auditing requirements related to internal control.

Redevelopment Agreement

The Borough has an agreement with a developer for the old Snuff Mill site for residential rental housing ("the Project") for a phased-in tax abatement. The agreement calls for the Borough to receive an independent audit from the developer on the Project annually. The audit for December 31, 2020 has been received and the December 31, 2021 is pending at this time.

Appreciation

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.

RECOMMENDATIONS DECEMBER 31, 2021

None.

The problems and weaknesses noted in my audit were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to contact me.

Very truly yours,
