## **BOROUGH OF HELMETTA**

51 Main Street, Helmetta, New Jersey 08828

October 31, 2025

TO: The Honorable Mayor and Council Members

RE: Annual Comprehensive Financial Report for the  
Year Ended December 31, 2024

The Annual Comprehensive Financial Report for the Borough of Helmetta, County of Middlesex, State of New Jersey, is submitted herewith and includes financial statements and supplemental schedules. I believe that it is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the Borough of Helmetta as measured by the financial activity of its various funds and account groups; and that all disclosures necessary to enable the reader to gain maximum understanding of the Borough's financial affairs have been included.

The Annual Comprehensive Financial Report (ACFR) is presented in four (4) sections: Introductory, Financial, Statistical, and Auditor's Comments and Recommendations. The Introductory Section includes Transmittal Letter, Roster of Officials and Consultants and Advisors. The Financial Section includes the annual financial statements and individual fund financial schedules, as well as the Independent Auditors' Report. The Statistical Section includes selected financial, economic and demographic information, generally presented on a multi-year basis. Responsibility for completeness and clarity of the report, including disclosures, rests with the Chief Financial Officer and ultimately with the Mayor and Council. The fourth and final section is prepared by the Independent Auditor and contains their required annual comments and recommendations, if any, to the Mayor and Council. The Mayor and Council are required to adopt a plan of action on the implementation of any audit recommendations.

The financial statements have been audited by Gerard Stankiewicz, CPA, RMA of Samuel Klein and Company, Certified Public Accountants, whose opinion is expressed in the Financial Section. Please note that the Independent Auditors' Report is unmodified and states that the financial statements are presented fairly in conformity with the basis of accounting as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

## **PRESENT AND FUTURE CHALLENGES**

For the foreseeable future, our elected and appointed leaders will have to deal with the need to minimize tax rate impact and the need for new development that would help share the tax burden. The governing body and the administration will have to introduce new ideas and creative solutions to solve this problem.

The remainder of this transmittal letter will provide greater details relating to our progress during 2024 and some of our plans for the future.

## **STATUTORY AUTHORITY**

The Borough is organized and administered in accordance with the provisions of New Jersey State Law and consists of an elected Mayor and a six (6) member Council responsible for providing all basic governmental services, except education, to its 2,455 local residents.

The Borough, pursuant to law, has the authority to levy taxes and issue debt.

In accordance with accounting principles generally accepted in the USA, as prescribed by the Governmental Accounting Standards Board, the Borough, for reporting purposes, is considered an independent government entity.

## **MAJOR ACTIVITIES AFFECTING BUDGET/FINANCIAL CONDITIONS**

The Borough is exploring all resources to provide services to the Borough residents for the best possible cost. All revenue sources are maximized where possible and all budget appropriations and purchases are carefully reviewed by the Borough officials. The Governing Body is striving to keep municipal taxes at reasonable rate while providing for the safety, health and welfare of the residents. Permanently financed the former Animal Shelter and entered into agreement to lease the building.

## **ACCOUNTABILITY ON 2024 INITIATIVES**

- Applied for NJDOT Funds for Ericson and Club Drive.
- Completed Lake Avenue Project substantially funded by NJDOT Funds.
- Awarded Contract and completed. Road and Sidewalk Improvements substantially funded by NJDOT Funds.

## **PROSPECTS FOR THE FUTURE**

- The Borough continues to seek and obtain grants from the County of Middlesex to use for public area improvements including improvements to Helm Park.
- Apply for Local Recreation Grant
- Building a reserve for Repair and Improvements to Municipal Building Parking Lot.
- Continuation of GIS Long term Utility Mapping Project.
- Authorized Design and Improvement to Sutton Place, York Drive and Madison Drive, which will be substantially funded by NJDOT Funds.
- New Gazebo at Maple Street Park funded by CDBG Grant
- New Borough LED Sign funded by American Rescue Plan
- ADA bathrooms funded by CDBG Grant

## **LOCAL ECONOMIC EVENTS**

For 2024, the Borough continued to demonstrate important indicators of continued financial strength as follows:

During 2024, total real estate tax revenues decreased by \$30,742.27 or 2.19% to \$1,434,807.35. The current collection rate (cash basis) of real estate tax revenue (an important indicator of fiscal health) was 98.73% in 2024. Although the Borough has maintained a stable collection rate, certain taxpayers were unable to remit their taxes on a current basis.

Revenues from other sources remained relatively flat in 2024. Assessed values increased to \$187,450,500.

## **CASH MANAGEMENT**

Bank balances are insured up to \$250,000.00 in the aggregate by the Federal Deposit Insurance Corporation for each bank. In addition, the State of New Jersey Unit Deposit Protection Act insures the remaining balance of funds on deposit in registered depositories. At December 31, 2024, all cash funds on deposit were in registered depositories and were covered by these insurers.

During 2024, idle funds were invested with the intent of maximizing interest earnings with sweep accounts maintained by the Borough's main depository.

## **ACCOUNTING AND BUDGET INFORMATION**

### **Accounting**

The Borough maintains an on-line, real-time computerized accounting system to record all financial transactions.

In developing and evaluating the Borough's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that (1) the cost of controls should not exceed the benefits expected to be derived; and (2) the evaluation of costs and benefits requires estimates and judgment by management.

Management of the Borough is responsible for establishing and maintaining an adequate internal control structure.

## **Budget**

The local budget law for the State of New Jersey requires every local unit to adopt an Operating Budget in the form required by the Division of Local Government Services (the "Division"), Department of Community Affairs of the State of New Jersey. Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division prior to final adoption. The Budget Law requires each local unit to appropriate sufficient funds for the payment of current debt service, and the Director is required to review the adequacy of such appropriations, unless a specific amount is required by law. The review function, focusing on anticipated revenues, serves to protect the solvency of all local units.

Section 5:30-4 of the New Jersey Administrative Code provides that every local unit that proposes to spend \$25,000.00 or more on capital equipment, construction or improvements must prepare a Capital Budget. If the Borough's population exceeds 10,000, the Capital Program shall include by title all projects anticipated for the budget year and the five succeeding years, with the estimated costs and the anticipated financing by sources and amounts.

A Capital Budget Section included with the Annual Budget does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in the Capital Budget must be granted separately, through the adoption of a bond ordinance, by appropriating funds from the Capital Improvement Fund, or other lawful means.

The budget of the Borough is categorized into appropriations by function. Each appropriation represents a service program or division within the Borough. Funds are appropriated to each of the budget lines by the Mayor and Council in accordance with procedures prescribed by the State of New Jersey Local Budget Law.

Distinct appropriations are required for "salaries and wages" and for "other expenses". The Borough delineates each appropriation into subaccounts by budget codes.

The Borough Administrator and Chief Financial Officer monitor expenditures throughout the fiscal year to ensure that spending remains within the amounts of funds authorized. Budget modifications are processed in the last two months of the year to transfer funds from one area to another as needed.

## **DEBT ADMINISTRATION**

The authorized bonded indebtedness of municipalities in the State of New Jersey is limited by statute to an amount equal to 3½% of their equalized value. The equalized valuation basis of the Borough is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements and certain railroad property within its boundaries as annually determined by the State Board of Taxation.

The Borough has managed its debt well and has outstanding debt equal to 0.454% of its equalized value. Debt Service averaged \$133,320 for the last three years.

## **RISK MANAGEMENT**

The Borough banded together with other municipalities to form the Mid-Jersey Municipal Joint Insurance ("JIF") and the New Jersey Municipal Excess Liability Funds. These Funds procure insurance on a pooled basis, generally self-insuring the initial level of loss for workers' compensation, property, general liability, automobile and employee dishonesty. The Funds provide their members with risk management services, including the defense of and settlement of claims and establish reasonable and necessary loss reduction and prevention procedures to be followed by the members.

**INDEPENDENT AUDITORS' REPORT**

The Honorable Mayor and Members  
of the Borough Council  
Borough of Helmetta  
County of Middlesex  
State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

**Report on the Financial Statements**

**Opinions**

We have audited the financial statements – regulatory basis of the various funds and account groups of the Borough of Helmetta, County of Middlesex, State of New Jersey as of December 31, 2024, and the related statement of operations and change in fund balance – regulatory basis for the year then ended, the related statement of revenues – regulatory basis, statement of expenditures – regulatory basis, and the related notes to the financial statements for the year then ended.

In our opinion, because of the significance of the matters discussed in the “Basis for Adverse Opinion on the United States Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Helmetta, County of Middlesex, State of New Jersey as of December 31, 2024, and change in financial position thereof for the year then ended.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statements – regulatory basis, the financial statements are prepared by the Borough on a basis of the financial reporting provisions of the regulatory basis of the accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

**INDEPENDENT AUDITORS' REPORT**  
**(CONTINUED)**

The effects on the financial statements – regulatory basis, the financial statements are prepared by the Borough on a basis of the financial reporting provisions of the regulatory basis of the accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

**Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")**

Due to the fact that we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements, we do not express an opinion of the LOSAP financial statements.

**Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP financial statements – regulatory basis been audited, the financial statements referred to above present fairly, in all material respects the financial statements – regulatory basis of the various funds and account groups of the Borough of Helmetta, County of Middlesex, State of New Jersey, as of December 31, 2024, and the results of its operations and change in fund balance of such funds – regulatory basis for the year then ended, and the revenues, regulatory basis, expenditures – regulatory basis of the various funds and account groups for the year ended December 31, 2024 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

**Basis for Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")**

As discussed in Note 1, the financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited, and we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements. The LOSAP financial activities are included in the Borough's Trust Fund and represent 28.02% and 30.20% of the assets and liabilities of the Borough's Trust Funds as of December 31, 2023, and December 31, 2024, respectively.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements – regulatory basis, in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **INDEPENDENT AUDITORS' REPORT** **(CONTINUED)**

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements – regulatory basis as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards* and auditing standards prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements – regulatory basis, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Helmetta, State of New Jersey's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements – regulatory basis.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Helmetta, State of New Jersey's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2025, on our consideration of the Borough of Helmetta's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. **INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS – REGULATORY BASIS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members  
of the Borough Council  
Borough of Helmetta  
County of Middlesex  
State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements – regulatory basis of the Borough of Helmetta (herein referred to as “the Borough”), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Borough’s basic financial statements, and have issued our report thereon dated October 31, 2025.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements – regulatory basis, we considered the Borough’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS – REGULATORY BASIS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
(CONTINUED)**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, that are reported material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying General Comment and Recommendation section of this report related to all funds for several balance sheet accounts and the general ledger, which we consider to be material weaknesses.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance that we have reported to the management of the Borough in the "General Comments and Recommendations" section of this report.

**Purpose of Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **NOTES TO FINANCIAL STATEMENTS**

**BOROUGH OF HELMETTA**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED DECEMBER 31, 2024**

Note 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- A. Reporting Entity - The Borough of Helmetta is located in Middlesex County, approximately 10 miles east of the City of New Brunswick and approximately 37 miles south of New York City. The population, according to the 2020 census, is 2,455.

The Borough of Helmetta operates under the Borough form of government. The governing body consists of a Mayor and six Council members. All action is passed by a majority or, when required, a two-thirds (2/3) vote of Council. The Mayor votes only in the event of a tie. The Mayor has veto power over all ordinances passed by the Borough Council. This veto can be overridden by a two-thirds (2/3) vote of the Council.

- B. Description of Funds - The Governmental Accounting Standards Board ("GASB") is the recognized standard setting body for establishing governmental accounting and financial reporting principles. However, the accounting policies of the Borough conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are regulatory basis, which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds and a capital asset account differs from GAAP.

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of federal, state, county and local grant programs are reflected in a segregated section of the Current Fund.

Trust Fund - The records of receipts, disbursement and custodianship of monies in accordance with the purpose for which each reserve was created are maintained in Trust Funds. These include the Animal Control Trust Fund, Trust Other Fund and Length of Service Awards Programs (LOSAP). The Payroll Trust Fund – Accounts for the net salaries, payroll deductions and social security contribution of municipal and utility operations.

B. Description of Funds (Continued)

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as related long-term debt accounts.

Utilities Funds - Water and Sewer Utilities are treated as separate entities. Each maintains its own Operating and Capital Funds which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity.

Capital Asset Account - This account reflects estimated valuations of land, buildings and certain moveable fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

- C. Basis of Accounting - The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

Property Taxes and Other Revenue - Property Taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue - Federal, state, county and local grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough of Helmetta's budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts, which may have been canceled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31<sup>st</sup> of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Noncurrent Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

C. Basis of Accounting (Continued)

Property Acquired for Taxes - Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the capital assets account group at market value on the date of acquisition.

Interfund Accounts Receivable - Interfund Accounts Receivable in the Current Fund are generally recorded with offsetting reserves, which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfund Accounts Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfund Accounts Receivable of one fund are offset with Interfund Accounts Payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies - Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water and Sewer utilities is required, by regulation, for inclusion on the Water and Sewer Utility Operating Fund balance sheets. Annual charges in valuations, offset with a Reserve Account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

Fixed (Capital) Assets

General - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Borough has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Fixed assets used in governmental operations (capital assets) are accounted for in the Capital Asset Account. Public domain ("infrastructure") capital assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

C. Basis of Accounting (Continued)

Fixed Assets (Continued)

General (Continued)

Acquisition of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at historical cost. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Borough.

Utilities - Capital acquisitions, including utility infrastructure costs of the Water and Sewer Utilities, are recorded at cost upon purchase or project completion in the Fixed Capital account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include moveable fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Capital Asset Group of Accounts. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Fixed Capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

Volunteer Length of Service Award Plan (LOSAP)

The Borough has established a volunteer Length of Service Award Plan ("LOSAP")("Plan") to ensure retention of the Borough's volunteer fire department. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "Length of service award plan under section 457(e)11 of the Internal Revenue Code". The LOSAP financial statements have not been nor are they required to be audited.

Total Columns on Combined Statements - Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

- D. Basic Financial Statements - The GASB Codification also defines the financial statements of a governmental unit be presented in the general-purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Other Accounting Standards

Note 3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Borough, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and is calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy for the current year is based on one-half of the prior year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency as billed prior to the end of the fiscal year. The penalty so fixed shall not exceed 6% of the amount of the delinquency with respect to each most recent fiscal year only. The resolution also sets a grace period of ten days before interest is calculated.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

Chapter 19, P.L. 2009 an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The Borough's contributions to the plan for the past three (3) years are as follows:

	PERS		
	2024	2023	2022
Covered Payroll	\$ 306,859	\$ 318,394	\$ 265,153

Employee's Share	19,838	23,993	19,770
Percent of Covered Payroll	6.46 %	7.50 %	7.50 %

Pension (PERS) Accrual

The Borough is required to report on its financial statements on an "Other Comprehensive Basis of Accounting" (OCBOA) Regulatory Basis, which does not require an accrual for its obligations inclusive of pension. If the Borough were required to reflect the obligation under Generally Accepted Accounting Principles (GAAP) then an accrual for the PERS obligation would be needed in the amount of \$539,040 since the obligation relates to the period December 31, 2024 and prior. The accrual (under GAAP) would affect the fund balance at yearend.

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2024) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2024 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State of employer and 100% of actuarially determined contributions for the local employers. Based on these assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments was applied to projected benefit payments after that date in determining the total pension liability.

Special Funding Situation – PERS

A special funding situation exists for certain Local employers of the Public Employees' Retirement System. The State, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 366, P.L. 2001 and Chapter 133, P.L. 2001. The Chapter 366, P.L. 2001 legislation established the Prosecutors Part of the PERS which provides enhanced retirement benefits for prosecutors enrolled in the PERS. The State is liable for the increased pension costs to a county that resulted from the enrollment of prosecutors in the Prosecutors Part. The June 30, 2024 State special funding situation net pension liability amount of \$114.4 million is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The special funding situation for Chapter 133, P.L. 2001 is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2024, there is no net pension liability associated with this special funding situation there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense of \$53.7 million, for the fiscal year ending June 30, 2024, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2024. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The Borough has the following attributed to it related to the Special Funding Situation:

Plan Description – NJSHBP

The NJSHBP as of July 1, 2023 had statewide for the local employee groups of 60,691 active and 28,899 retired for a total of 89,590 members. The Borough at December 31, 2024 had three (3) active and four (4) retired employees for a total participation of seven (7).

Funding Policy – The contribution requirements of plan members are established and may be amended by the state legislature. Participating local government units are contractually required to contribute at a rate assessed each year by the NJSHBP. The NJSHB Commission sets the employer contribution rate based on the annual required contribution of the employers (ARC) as established in an annual rate recommendation report.

The NJSHBP issues a publicly available financial report that includes financial statements and required supplementary information for the NJSHBP and the actuarial valuation. Those reports may be obtained by writing to the State of New Jersey Department of Treasury, Division of Pension and Benefits, 50 West State Street, Trenton, NJ 08625-0299 or on the State of New Jersey website.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. The NJSHB Commission sets the employer contribution rate based on the annual required contribution (ARC) of the employers as established in an annual rate recommendation report.

Contributions to pay for the health premiums of participating retirees in the NJSHBP are billed to the Borough on a monthly basis. The number of employees covered and approximate cost for the past three years were as follows:

<u>Fiscal Year</u>	<u>Number of Employees</u>	<u>Employer's Cost</u>
2024	5	\$ 135,800.00

Borough Retiree Health Benefits (Continued)

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, refer to the State of New Jersey, Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The information presented was abstracted from the State of New Jersey State Health Benefits Local Government Retired Employees Plan for June 30, 2024 and June 30, 2023 measurement date from the Independent Auditor's Reports dated September 26, 2025 and August 21, 2024.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission, Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: (1) retired on a disability pension; or (2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or (3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or (4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

GASB Statement No. 75 requires participating employers in the plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the plan's nonspecial funding situation during the measurement period July 1, 2018 through June 30, 2019. Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

Discount Rate

The discount rate for June 30, 2024 and June 30, 2023 was 3.93% and 3.65%, respectively. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

The Borough is required to report on its financial statements on an "Other Comprehensive Basis of Accounting" (OCBOA) Regulatory Basis, which does not require an accrual for its obligations inclusive of pension. If the Borough were required to reflect the obligation under Generally Accepted Accounting Principles (GAAP) then an accrual for the PERS obligation due would be needed in the amount of \$2,363,115 since the obligation relates to the period December 31, 2024 and prior. The accrual (under GAAP) would affect the fund balance at year end.

**Other**

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the Borough. The reporting of these benefits are the responsibility of the individual local Borough. The Borough provides Chapter 88 Reimbursement to certain retirees for the share of Medicare premiums that are withheld from the social security benefits. Detail for the prior three years is as follow:

<u>Year</u>	<u>Number of Employees</u>	<u>Amount</u>
2024	2	\$ 2,444.00
2023	2	2,444.00
2022	2	2,444.00

Employees, of which there are three (3), will become eligible when they attain Social Security retirement age and receive the benefits.

Property and Liability Insurance

The Borough together with other governmental units is a member of the Mid Jersey County Municipal Joint Insurance Fund ("JIF"). The JIF, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. In addition, the JIF has obtained cost effective reinsurance and excess liability coverages for participant local units.

For the year ending December 31, 2024, the Fund provided the following types of coverages: Auto, General Liability, Workmen's Compensation, Property, Public Officials Liability, Boiler and Public Official Surety/Dishonesty coverage.

The Borough has contracted with the JIF for coverage and is subject to certain policy limits. The coverage is designed to minimize the impact of any potential losses to the Borough for matters that may have been caused or related to the Borough or its employees.

The Mid Jersey Municipal Joint Insurance Fund received an unmodified opinion on the December 31, 2022 Annual Independent Audit Report. The total Assets for the year were \$22,143,832.00. Total liabilities for Mid Jersey are \$13,789,266.00, which includes loss reserves of \$10,743,503.00, and net position of \$9,354,566.00. The annual independent audits for December 31, 2023, and December 31, 2024 are in progress at this point.

Note 17. DEFERRED COMPENSATION PLAN

The Borough of Helmetta offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The Plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" modified several provisions of Section 457 of the Internal Revenue Code. The most significant change in the law related to the ownership of the fund. The Deferred Compensation Plan is administered by the Public Employees Benefits Service Company (PEBSCO).

Note 18. CONTINGENT LIABILITIES

Upon retirement, or separation from service for any reason other than termination for cause, an employee will be paid for one-half of their total accumulated unused sick time to a maximum amount of twelve thousand dollars (\$12,000.00). The administrative policy and union contract also allow for a carryover of one-half of unused vacation days up to a maximum of eight (8) weeks.

If an employee is unable to use earned vacation time within the year it is earned, the employee may elect to be paid for the unused vacation days allowed for that year, to a maximum of one half of the yearly vacation allowance at the discretion of the Mayor and Council, in which event no unused vacation days will accrue. **GENERAL COMMENTS**  
**DECEMBER 31, 2024**

Contracts and Agreements Required to be Advertised For N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of \$17,500.00, due to the absence of a Qualified Purchasing Agent (QPA), except by contract or agreement."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$17,500.00 within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that there were bids by public advertising during the year as follows:

None

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$17,500.00 thereafter "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

State Contract Purchases

There were State contract purchases during the year, as follows:

Ford 2024 F550

Community Center Cleaning

All the professional service contracts of the Borough were done under the "*Non Fair and Open Method*" and all required certifications were on file.

Collection of Interest on Delinquent Taxes, Assessments and Utility Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The governing body, on January 3, 2024, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

BE IT RESOLVED, by the Mayor and Council of the Borough of Helmetta, County of Middlesex, State of New Jersey that in accordance with Chapter 54:4-67 of the New Jersey Statutes the interest rate on delinquent taxes shall be eight per cent (8%) annum on the first \$1,500.00 of delinquency, and 18% per annum on any amount in the excess of \$1,500.00 to be calculated from the date the tax was payable until the date of actual payment. There shall be a ten (10) day grace period for payment of taxes.

In addition, the governing body, on January 3, 2024, adopted the following resolution authorizing additional interest to be charged on delinquent taxes and assessments:

RESOLVED, by the Mayor and Council of the Borough of Helmetta, County of Middlesex and State of New Jersey, that the Borough of Helmetta hereby adopts and authorizes the Tax Collector of the Borough of Helmetta to assess an additional six (6%) percent penalty to any taxpayer with a delinquency of all taxes and municipal charges due in excess of ten thousand (\$10,000.00) dollars, who fail to pay the delinquency prior to the end of the calendar year.

The governing body also adopted on January 3, 2024 the following resolution authorizing interest on delinquent utility charges:

WHEREAS, the Governing Body of the Borough of Helmetta has previously established an interest rate in accordance with State law as a charge to be made to consumers who have not made timely payments of water rents and sewer user charges; and

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED by the Governing Body of the Borough of Helmetta that the Collector of Sewer and Water Revenue be and is hereby authorized to charge eight percent (8%) per annum as interest to be paid on delinquent accounts for unpaid balances of less than \$1,500.00 and eighteen percent (18%) per annum, as the interest to be paid on delinquent accounts with unpaid balances of more than \$1,500.00. The Collector shall allow a thirty (30) day grace period for payment, after which, when an account becomes delinquent, interest will be charged from the due date for such payments.

In 2022, a clarification of Executive Order #103 required municipalities to forgive all residential water and sewer delinquency charges for the period March 9, 2020 through March 15, 2022. An adjustment was made in 2021 on the financial statements in the two (2) Utility Funds for prior year charges in the "Refund of Prior Year Revenue" account. The correction was made in 2023 for the Water Utility but not for the Sewer Utility. The Borough should contact the computer service to ascertain if and when the adjustments for the Sewer Utility Fund will be made to the detailed records. This was commented on in a prior year.

Delinquent Taxes and Tax Title Liens

The detail of all unpaid taxes for 2024 is being properly carried in the Tax Collector's records. An abstract taken from these records as at December 31, 2024 covering all unpaid charges on that date was verified with the accounting control figures shown in this report. The general ledger as presented for audit did not reflect the proper yearend balance for the taxes account receivable and related accounts and as such, these amounts were corrected by audit adjustments.

There was a tax sale held on October 23, 2024 and it was complete.

As of December 31, 2024, there were tax title liens receivable on two (2) properties totaling \$24,214.24.

Water Utility Receivables

The detail of the Consumer Accounts Receivable as reflected on the Balance Sheet (Exhibit EW-1), have been proven to the detail on file in the Water Utility Collector's office at year-end. The general ledger as presented for audit did not reflect the proper yearend balance for the consumer accounts receivable and related accounts and as such, these amounts were corrected by audit adjustments.

Expenditures

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute. Our examination of expenditures revealed for the most part compliance with procedures and requirements have been adhered to.

Payroll

An examination was made of the employees' compensation records for the year 2024 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Our examination of payroll did not cover verification of the validity and reasonableness of the allocation of salaries for individuals whose job encompasses activities that relate to more than one of the Borough's operating funds or Departments. The allocation of salaries for individuals whose duties encompass more than one fund or appropriation is done at the sole discretion of the management of the Borough. It is proper and legal to allocate salaries amongst funds as long as the duties of the individuals relate to the costs charged to the fund or appropriation.

The Borough utilizes the services of a payroll service vendor to process net pay and agency withholdings.

On file at the Borough is the required Report on Description of the Organization's System and the Suitability of the Design and Operating Effectiveness of Controls for the payroll processing system in accordance with SSAE #16.

N.J.A.C. 5:30-5.7 – General Ledger Accounting System

The general ledger for 2024 was maintained. However, in all funds for most Balance Sheet accounts, adjustments were necessary to bring balances into agreement with the supporting documentation. More attention must be given to this condition during the year and especially at year end. This is especially critical in the areas of Taxes and Utility, Receivable, Appropriations and all related Accounts.

N.J.A.C. 5:30-5.6 – Accounting for Governmental Fixed Assets

A complete encumbrance system for budgetary purposes was maintained during 2024.

N.J.A.C. 5:30-5.2 – Encumbrance Accounting

A fixed assets detail was maintained in 2024.

Length of Service Awards Program

The Borough adopted a Length of Service Awards Program (LOSAP). The participants in the program direct the investments within their individual accounts. A separate Accountants Review Report was prepared on the program for the year ended December 31, 2024.

Financial Procedures Review

It is suggested that for all financial processes and computer controls within each department that a review, updating and documentation of all procedures be done in order to be in compliance with recent accounting and auditing requirements related to internal control.

Redevelopment Agreement

The Borough has an agreement with a developer for the old Helmetta Snuff Mill site for residential rental housing ("the Project") for a phased-in tax abatement. The agreement calls for the Borough to receive an independent audit from the developer on the Project annually. The audit for December 31, 2023 has been received.

Appreciation

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.
